

Fruit Risk Assessment Programme for Pesticides

FRAPP - Confirmation

We herewith confirm that the company

Hellenic Juice Industry ASPIS S.A.C. Dedes

Argos
GREECE

participated in the FRAPP scope by providing data
about pesticides applied on the following crops
for the harvest year **2021**:

Apricot	Lemon	Pomegranate
Carrot	Mandarin	Sour cherry
Grapefruit	Orange	Strawberry

The participation improves the company's ability of a suitable risk assessment and risk management and shows their agreement with the quality philosophy of the **Voluntary Control System** of SGF INTERNATIONAL E.V.

The contribution is part of a proactive approach to fulfil due diligence in terms of pesticide residues, prevention of safety risks and consumer protection.
